Apple disclaims any and all liability for the acts, omissions and conduct of any third parties in connection with or related to your use of the site.. It's making my arm ache! Do I give up on Logitech and buy Mac products, or is there a solution? I bought this keyboard (shaped) and mouse because I was having some RSI problems; they were a big help in alleviating the problem.. Logi_ U logitech internet pro keyboard (y- sz49) is NOT cordless Although on the Logitech box it had clearly stated "Mac compatible" (I knew that I would eventually get a Mac, so I was conscious of this), the software CD is PC only.
